HOW TO SUBMIT NCGA PLAYER POINTS RESULTS

Update: June 21, 2021

The tournament director/contact is responsible for reporting COMPLETE official results to the NCGA within five business days. **Failure to submit ALL of the required information listed below will result in a forfeiture of points for the event.**

Please submit all official results and any points inquiries to Ryan Toole at rtoole@ncga.org. An empty sample spreadsheet may be downloaded on the NCGA Player of the Year page or you may create/use a report in Golf Genius. The spreadsheet must be sent in an editable format (preferably .xls, .xlsx, or .csv) with the following included:

1. First Name
2. Last Name
3. GHIN ID
4. Date of Birth (for all senior/super senior divisions)
5. Cumulative Score
6. Member of Association (please make a note if they are not a member of the NCGA. Ex: player is a member of the SCGA or other state association)

You will need to make a separate spreadsheet for each division. The total field size should include everyone who signed up for the event before a cut was made or any WDs/DQs/NSs. The total field size is what determines the point value and is a vital piece of information. Failure to provide the above information in a timely fashion will result in the tournament not receiving points.

Note: Match play events should include the above spreadsheet for stroke play qualifying results, and a link or photo of the match play bracket results.
